Game 01	GA	In Progress
6 Players	OD	
Game 02	4A	In Progress
6 Players	2D	
Game 03	-A	Not started
25 Players	-D	

Admin View

This view shows all currently running games. If you tap a game it will bring you to the mod view where you can view players, and game controls.

Back name_of_game *	
Pause	Stop
Player 1 Alive	<div>Pic</div> <div>Profile</div> <div>Map</div>
Player 2 Dead	
Players	kills

Table Entry for kill Menu

Player	<div>Kill Shot</div>	<div>Profile</div>	<div>Map</div>
--------	--------------------------	--------------------	----------------

the map will pop up a map with the users death location.

the profile will link to the users profile
in game modes were you need take a picture to get the kill the Kill Shot will show the Photo.

Mod View

This view will list all the players, kills, and game controls

Tapping on a player will open a map with their location
So mods can make sure people are playing fairly

* is the universal settings
This what map, profile or kill shot will pull up
